Subject: EPA agreements and delegations with State Departments of Agriculture - Final Results Summary

Deb,

Attached is the final summary of the conversations with states and our action items. There were 3 last minute corrections and/or additions provided last week from CO and ND. This paper is reflective of this information.

David Cobb, Melanie Wood and Kathie Atencio were instrumental during these state conversations and, in most cases, were able to resolve or address states questions and concerns during the phone call.

Please let me know if you have any questions about this information.
